

Director for Climate Change, Pronatura Mexico

Pronatura Mexico is looking for a dynamic and senior leader to lead the area for Climate Change. This is a permanent, senior position in Pronatura that reports directly to the Executive Director. Advanced knowledge of carbon market and climate change strategies is a must in addition to 5 – 7 years related professional experience.

Pronatura is committed to creating resilience in priority ecosystems in Mexico together with our partners. We are committed to implementing innovative strategies to conserve and restore our natural capital. Pronatura seeks to reinforce their position in the carbon market and increase impact in communities through the implementation of nature-based solutions and new and innovative projects.

Primary responsibilities include identification of financing opportunities including major grants and partnerships with the private sector and other strategic partners. We are looking for someone who can move easily among different groups, including the private sector and government authorities. The Director will have overall responsibility to coordinate, expand and integrate Pronatura's new strategic plan 2022 – 2027.

Primary Responsibilities

- New Funding
- Development and Implementation of program with private sector to reduce emissions
- Develop strategic approaches for climate change for clients
- Leading business development plans
- Supervision and leadership of project with USAID
- Managing project budgets
- Implementation of nature -based solutions
- Maintain up-to-date knowledge of current trends seen in the impacts of climate change on ecosystems and communities.
- Engage key stakeholders to catalyze the key decisions relative to mitigating and/or adapting to climate change
- Participate in relevant professional networks related to mitigation and nature-based adaptation strategies to advance Pronatura's strategic plan.

The successful candidate will be an experience professional who has worked for at least seven years in the area of climate change, climate finance, renewable energies and /or sustainable development.

Essential Requirements

- Advanced English (spoken and written)
- Strong understanding of the carbon market
- Demonstrated ability to canalize climate funding
- A strategic thinker who is able to develop trust and credibility with partners as well as engage and motivate others.
- Proven self-starter who can lead and deliver projects at a high level

Desirable

- Demonstrated ability to meet administrative requirements in SAP Business One
- Business or public sector consulting experience
- Experience in climate finance and / or impact investing
- Project management experience

Pronatura offers a competitive salary and benefits superior to those provided by law. Salary and benefits will be based on the experience of the selected candidate. Interested candidates should submit a cover letter and CV in English before June 10th, 2022 to Maite Gonzalez: juridico@pronatura.org.mx
